

ADOPTIVE HOME APPLICATION

In order to assess the suitability of your home and lifestyle for the adoption of a Spanish Water Dog would you please answer the following questionnaire. Please send the completed form to Di Williamson at the above address. The information that you provide will be confidential. Please answer all the questions as completely and honestly as you can. The more information that you provide the better we will be able to match you with a suitable dog.

Dogs come into Rescue for many reasons but often they have developed problems. We will try to ensure that any issues a dog may have had upon arrival have been addressed before rehoming. However, you need to understand that there may be some initial teething problems. We will provide you with all the support you need to make sure that the transition is as easy as possible for you and the dog.

Filling in this application form does not guarantee that you will be offered the first dog that becomes available. It is essential to match the dog to the home as closely as we can. The donation that you will be asked to make, currently £200, is to contribute towards the costs of foster and medical care. All dogs offered for rehoming are vaccinated up to date and neutered.
